

Session Program

20-22 Jun 2011

Optics Measurements, Corrections and Modeling for High-Performance Storage Rings

***Motivation for HE machines, colliders, HI
machines, light sources and damping rings***

CERN, 6/2-024 - BE Auditorium Meyrin
6-2-024

Monday 20 June

09:00

10:30

Motivation for HE machines, colliders, HI machines, light sources and damping rings

Session | Location: CERN, 6/2-024 - BE Auditorium Meyrin, 6-2-024 | Convener: Jean-Pierre Koutchouk

09:00–09:05 Welcome

Speaker
Jean-Pierre Koutchouk

09:05–09:30 Collider challenges

Speaker
Rogelio Tomas

09:30–10:00 Light sources challenges

Speaker
Prof. Leonid Rivkin

10:00–10:30 High intensity challenges

Speaker
Michael Plum
