

## **Session Program**

**20-22 Jun 2011**

# **Optics Measurements, Corrections and Modeling for High-Performance Storage Rings**

## ***Experience from colliders, high energy & intensity machines - II***

CERN, 6/2-024 - BE Auditorium Meyrin  
6-2-024

# Monday 20 June

14:00

## Experience from colliders, high energy & intensity machines - II

**Session** | **Location:** CERN, 6/2-024 - BE Auditorium Meyrin, 6-2-024 | **Convener:** Roland Garoby

14:00–14:20

### DAFNE Experience

**Speaker**

Catia Milardi

14:20–14:40

### Linear Optics Measurements by TBT Analysis at Fermilab Booster

**Speaker**

Eliana Gianfelice

14:40–15:00

### Experience with low emittance tuning tool for SuperB, Diamond, SLS, and Dafne

**Speaker**

Simone Liuzzo

15:00–15:20

### HERA experience

**Speaker**

Bernhard Holzer

15:40
