

Session Program

12-15 Mar 2024

IMCC and MuCol Annual Meeting 2024

Physics & Detector

CERN, 500/1-001 - Main Auditorium

Wednesday 13 March

08:30

Physics & Detector: 10-TeV detector design

Session | **Location:** CERN, 6/2-024 - BE Auditorium Meyrin

08:30–08:55 **Detector design at 10 TeV CoM energy I**

Speaker

Benjamin John Rosser

08:55–09:20 **Detector design at 10 TeV CoM energy II**

Speaker

Davide Zuliani

09:20–09:45 **Detector target performance**

Speaker

Massimo Casarsa

09:45–10:00 **Discussion on detector at 10 TeV and performance**

10:00

10:30

Physics & Detector: Detector magnet and discussion on the European Strategy

Session | **Location:** CERN, 6/2-024 - BE Auditorium Meyrin

10:30–10:50 **Magnet workshop summary**

Speaker

Andrea Bersani

10:50–11:15

Discussion on detector magnet configuration and magnetic field value

11:15–12:00 **Preparing for the European Strategy Update**

12:00
