

Session Program

18-20 Oct 2023

Forward Physics in ALICE 3

Session VII

Thursday 19 October

13:30

Session VII

Session | Location:

13:30–14:00

CMS+TOTEM results on central exclusive production (non-resonant processes)

Speaker

Ferenc Siklér

14:00–14:30

Status of central production studies in pp collisions with ALICE

Speaker

Rainer Schicker

14:30–15:00

Physics with tagged forward protons in proton-proton collisions at RHIC

Speaker

Wlodek Guryn

15:00
