

# Forward Physics in ALICE 3

## Friday 20 October 2023

### Session XI (13:30 - 16:00)

time	[id] title	presenter
13:30	[34] Probing gluon saturation in heavy-ion collisions at forward rapidities	WOLSCHIN, Georg
14:00	[36] Search for evidence of the baryon junction in photonuclear processes and heavy-ion collisions	TSANG, Chun Yuen
14:30	[35] Probing Geometry of Ion-Ion Collisions with Roman Pot Detectors	STASZEWSKI, Rafał
14:50	[37] How gluon saturation influences the topology of the QCD vacuum	VENUGOPALAN, Raju
15:20	[38] Discussion, closing of workshop	SCHICKER, Rainer
