

HH 2024 at University of Maryland, College Park

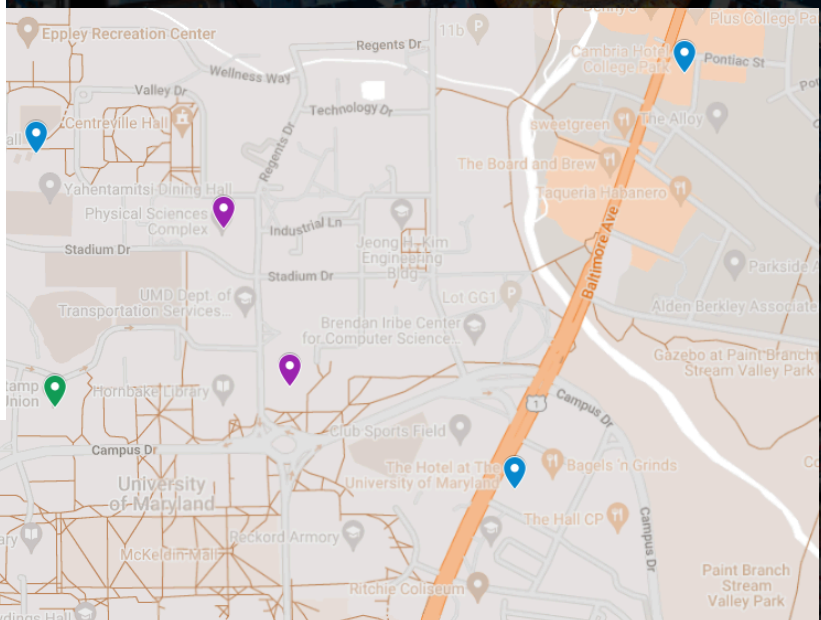

Local organizing committee:
Sarah Eno, Agni Bethani, Chris Palmer

Dates, Location, and Fees

- UMD is a short metro ride away from the heart of Washington, DC.
- Monday, June 24th to Friday, June 28th would be a less than blazing hot week that would accommodate most academic summer breaks.

- 📍 Department of Physics
- 📍 Physical Sciences Complex
- 📍 Adele H. Stamp Student Union
- 📍 Pyon-Chen Hall
- 📍 Cambria Hotel College Park
- 📍 The Hotel at The University o...

- We estimate an average fee around \$290 for coffee breaks, light breakfast, buffet lunch, and an on-campus banquet.
- A progressive fee scheme can easily be devised.
- There are many housing options including several local hotels, numerous AirBNBs, and potentially some on-campus housing.
- On-campus dorms are cheapest but subject to availability. 2

Rooms and Program

- The Toll (physics) building has a large lecture hall with >280 seats.
- Recent renovations have made it possible to open it with the adjacent room with >140 seats.
- If some parallel sessions or working rooms would be desirable, there are many options in the same building.
- We would like to propose a public HH talk by our very own local legend Professor Jim Gates. Jim is a well-known, well-liked SUSY theorist, and he has agreed to give a public lecture on HH to inspire both young undergraduates and our community.
