

How to submit an article to an EPJ D Topical Issue :

EPJ D Topical Issue: "Precision Physics of Simple Atomic Systems – 2024"

From the Call for Papers: <https://epjd.epj.org/epjd-open-calls-for-papers/2769-epjd-topical-issue-precision-physics-of-simple-atomic-systems-2024>

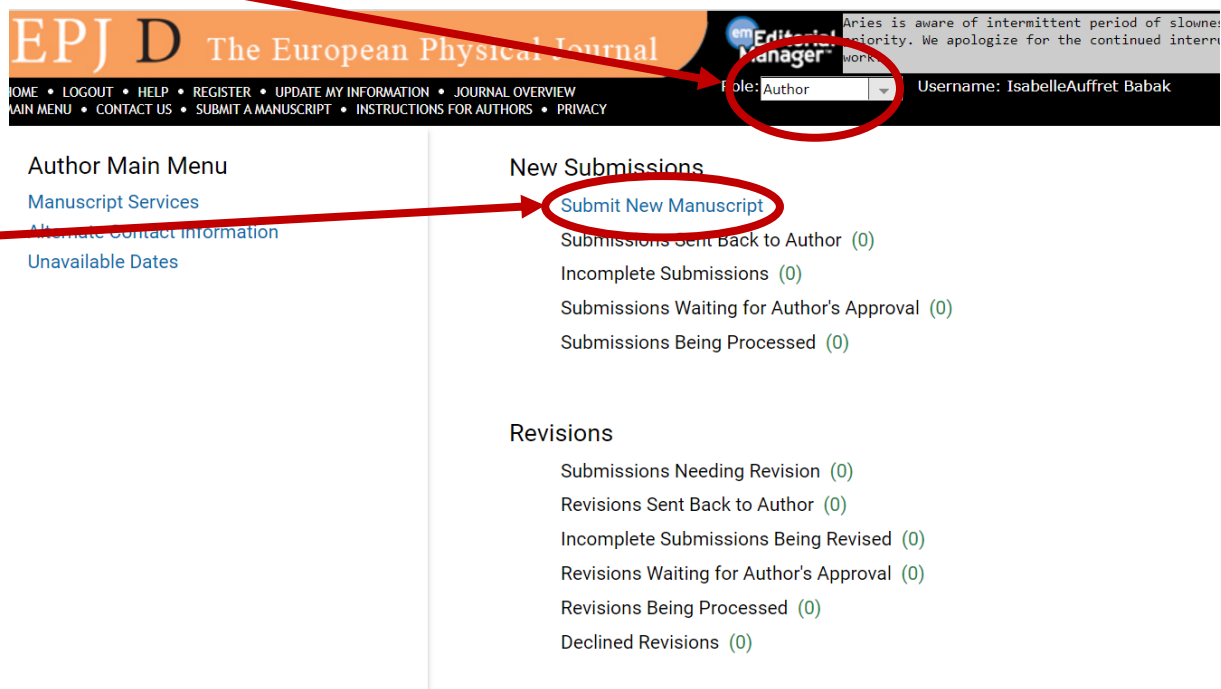

The conference is devoted to precision studies of simple atomic and molecular systems to develop new approaches and access various fundamental issues within and beyond atomic physics and possible new physics. Applications include particle and nuclear physics, atomic and molecular physics, astrophysics, metrology, etc.

The proposed Topical collection will bring together a selection of papers based on the contributions to the above conference, after undergoing the per-review process in the journal.

The full manuscripts should be submitted before **the deadline directly to the EPJD Editorial Office at <https://www.editorialmanager.com/epjd/>**

Authors should click on the above hyperlink or type the url into their web browser.

STEP 0 Author interface:

The screenshot displays the EPJ D Author interface. At the top, the EPJ D logo and navigation links are visible. A red circle highlights the 'Author' dropdown menu in the top right corner. Below the navigation bar, the 'Author Main Menu' is shown on the left, and the 'New Submissions' section is on the right. The 'Submit New Manuscript' link is circled in red, with a red arrow pointing to it from the left. The 'Revisions' section is also visible below the 'New Submissions' section.

Manuscript Data

Please upload your manuscript file/s now.

For first (initial) submissions, we require a single manuscript file as a minimum. While full source files for LaTeX submissions are encouraged, we understand that you may prefer to submit only a PDF at this stage.

This journal has a policy concerning the deposit of any data that supports research findings, in a public repository. Please see further guidance and editorial policy compliance requirements and options, specific to this journal, at the button 'Instructions For Authors', in the header bar.

This journal has a policy requiring a statement explaining if, how and where supporting data can be accessed. You can provide links to any supporting data via the 'Supporting Data' item type, and these will be available to reviewers. Please refer to the Instructions for Authors on the journal website for more details and templates for standard availability statements.

In case of any issues, please use the 'Contact Us' link.

Tips for authors submitting full source files in LaTeX:

Insert Special Character

Browse... OR Drag & Drop Files Here

← Back Proceed →

Authors have 3 files to submit: The manuscript, a graphical abstract (that will appear online next to their abstract) and a cover letter.

Manuscript Data

Required For Submission

- Manuscript
- Graphical abstracts
- Cover Letter

Please provide additional items.

If your data are available online, for example in a repository, you can add a weblink using the "Link(s) to supporting data" option from the dropdown menu, and these will be available to reviewers.

In case of any issues, please use the 'Contact Us' link.

STEP 3 General Information

Authors have here to let us know if their article is presenting Experimental, Theoretical (or Both) type of work, then they click on **Next**.

and here authors are asked to add/select **one** sub-classification. For that they have to expand the classifications and choose the sub-classification (and the classification will be automatically added). Ex here Molecular Spectroscopy is the chosen sub-classification to add; Molecular Physics and Chemical Physics is the classification that will be added automatically:

Select Submission Classifications

Then they can click on **Submit**, and on **Proceed** once this step is completed.

Section/Category

Select the Section or Category related to your manuscript from the drop-down menu below.

Required ✓
Theoretical

Classifications

Please identify your submission's areas of interest and specialization by selecting one classification.

Required ✓ Select 2 Classifications
600: Plasma Physics
600.010: Basic Plasma Phenomena and Gas Discharges

Add Classifications

← Back Proceed →

STEP 4 Review information

Request Editor: Authors should select **Vladimir Shabaev** here, but if the authors select another Editor, my colleague Muriel Bouquant, who is Journal Manager, will know how to follow up.

Please provide the requested information.

Request Editor

You may request that a specific editor be assigned to your submission. This request will be taken under advisement by the publication. If you do not request an editor, your submission will be assigned to the appropriate editor(s) as determined by the publication staff.

Required *

- No Request
- Jose L. Lopez, Associate Editor
- Slobodan Milevici, Associate Editor
- Steen Brondsted Nielsen, Associate Editor
- Lawrence J. Overzet, Associate Editor
- Thomas Schliatholter, Associate Editor
- Thomas Stohlker, Associate Editor
- Eric Surraud, Associate Editor
- Vladimir Shabaev, Associate Editor
- Ronald D. White, Associate Editor
- Tong Pu Yu, Associate Editor
- Yuzhao Zhang, Associate Editor
- Filipe Ferreira dos Santos, Associate Editor
- Darryl B. Jones, Associate Editor
- Stefano Olivares, Associate Editor
- Xiao-Min Tong, Associate Editor
- Joan Marler, Associate Editor
- Andrey V. Solov'yov, Associate Editor
- Robert Bennett, Associate Editor
- Stefan Schippers, Associate Editor
- Muriel Bouquant, Editorial Office

Next

Back **Proceed**

This means some info is missing !

Suggested reviewers: Authors are asked to suggest two reviewers here and specify why they have recommended them, in relevance to their expertise:

Suggest Reviewers

Please suggest potential reviewers for this submission and provide specific reasons for your suggestion in the comments box for each person. Please note that the editorial office may not use your suggestions, but your help is appreciated and may speed up the selection of appropriate reviewers.

Suggesting 2 reviewer(s) is Required for Submission.

Current Suggested Reviewers List + Add Suggested Reviewer

There are currently no Suggested Reviewers in the list.

+ Add Suggested Reviewer

Next

Oppose reviewers: This is not compulsory, but authors may indicate the name of reviewers, who may have some conflicts of interest.

Once this page is completed, author should select **Proceed**.

STEP 5 Additional information

There is a 4-question survey to fill in.

Please respond to the presented questions/statements.

Insert Special Character

Questionnaire

This journal strongly encourages data deposition in repositories where a relevant mandate applies. Refer to 'Instructions For Authors'.

Answer Required: Please select a response.

Does this manuscript belong to a topical issue?

Answer Required: Please select a response Please select a response.
 Yes
 No

In addition to including a data availability statement in your manuscript file, please choose the statement below which best describes the accessibility of any data supporting your manuscript.

Answer Required: Please select a response.

Please confirm that you have included a data availability statement in your main manuscript file. Templates and examples can be found in the instructions for authors.

Answer Required: Please select a response Please select a response.
 I confirm I have included a data availability statement in my main manuscript file.

1) Question relevant to deposition of data in a repository

This journal strongly encourages data deposition in repositories where a relevant mandate applies. Refer to 'Instructions For Authors'.

Answer Required: Please select a response.

- My manuscript has associated data in a data repository
- My manuscript has no associated data or the data will not be deposited
- My manuscript has data included as electronic supplementary material

2) Question about Topical Issue

Does this manuscript belong to a topical issue?

Answer Required: Please select a response
 Yes
 No

Please select the special issue or topical collection your manuscript belongs to.

Answer Required: Please select a response

- T.I. : Low Temperature Plasmas: Processes and Diagnostics for Future Applications. Guest editors: Steven Shannon, Jeon Geon Han, Eva Kovacevic
- T.I. : Quantum Walks and Applications. Guest editors: Claudia Benedetti, Igor Jex, Vahid Karimipour, Leonardo Novo and Matteo Paris
- T.I. : Atomic Spectra and Oscillator Strengths (ASOS14). Guest editors: Paul Indelicato, Stefan Schippers, Alexander Kramida, Glenn Wahlgren, Lydia Tchang-Brillet
- T.I. : Precision Physics of Simple Atomic Systems – 2024. Guest editors: Paolo Crivelli, Daniel Kienzler, Fabian Schmid, Savely Karshenboim, Vladimir Shabaev

Please select a response.

3) & 4) are questions relevant to the data availability statement

3)

In addition to including a data availability statement in your manuscript file, please choose the statement below which best describes the accessibility of any data supporting your manuscript.

Answer
Required:

My manuscript has no associated data

Please select a response

My manuscript has associated data in a data repository

My manuscript has data included as electronic supplementary material

Data will be made available on reasonable request

Data cannot be made available for reasons disclosed in the data availability statement

My manuscript has no associated data

Please confirm that you have included a data availability statement in your main manuscript file. Templates and examples can be found in the instructions for authors.

4)

Please confirm that you have included a data availability statement in your main manuscript file. Templates and examples can be found in the instructions for authors.

Answer
Required:

Please select a response

I confirm I have included a data availability statement in my main manuscript file.

STEP 6 (optional information) Comments

The screenshot shows a progress bar at the top with eight steps: Article Type Selection, Attach Files, General Information, Review Preferences, Additional Information, Comments, and Manuscript Data. The 'Comments' step is currently active, indicated by a blue downward arrow. Below the progress bar, a text area is labeled 'Enter Comments' with the instruction: 'Please enter any additional comments you would like to send to the publication office. These comments will not appear directly in your submission.' At the bottom right of the text area, there are two buttons: 'Back' and 'Proceed', with the 'Proceed' button circled in red.

STEP 7 Manuscript Data

This step allows the authors to type in here some information regarding their article such as : Full Title, Abstract, Authors and funding information. Click on **Next** between each heading.

The screenshot displays the 'Manuscript Data' section with four sub-sections: 'Title', 'Abstract', 'Authors', and 'Funding Information'. Each sub-section has a 'Next' button circled in red. The 'Title' section contains a text area with 'Dummy file to test Sicot-j submission portal'. The 'Abstract' section is currently empty. The 'Authors' section shows a 'Current Author List' with one author: 'Ms. Isabelle Auffret Babak [Corresponding Author] [First Author] [You]'. The 'Funding Information' section is currently empty, with a note that there are no funding sources in the list.

Once authors have completed this step, they can build up a PDF file for approval.

The screenshot shows the bottom navigation bar with three buttons: 'Back', 'Save & Submit Later', and 'Build PDF for Approval'. The 'Build PDF for Approval' button is circled in red.
