

Contribution ID: 335

Type: Oral

## Progress in dense QCD and applications to neutron stars

*Friday 11 April 2025 15:30 (30 minutes)*

**Collaboration (if applicable)**

**Category**

**Presenter:** FUJIMOTO, Yuki (University of California, Berkeley / RIKEN)

**Session Classification:** Plenary session 9: Correlations & fluctuations —New theoretical developments —Physics of ultraperipheral collisions —QCD matter in astrophysics
