

Joint Accelerator Performance Workshop 2023

Wednesday 6 December 2023

Session 5: LHC configuration and experiment specific (13:50 - 17:25)

-Conveners: Helga Timko; Roderik Bruce

time	[id] title	presenter
13:50	[22] 2023 operational experience and view towards 2024 (20'+10')	PERSSON, Tobias Hakan Bjorn
14:20	[23] Commissioning at the start of the run and after long failures - how can we improve? (15'+10')	NISBET, David
14:45	[24] Emittance evolution and beam stability (15'+10')	EFTHYMIPOULOS, Ilias
15:10	[25] RF power reach (15'+10')	KARLSEN-BAECK, Birk Emil
15:35	[26] Beam losses and BLM thresholds for protons and ions (circulating beam) (15'+10')	MORALES VIGO, Sara
16:00	Coffee Break	
16:30	[27] Collimation performance with protons and ions (15'+10')	CAI, Rongrong
16:55	[29] RP optics options for 2024 and beyond (20'+10')	FARTOUKH, Stephane
