Programme Highlights: Updates and Upcoming Events

Title and Main Themes

“CERN at 70: Inspiring the Future”

Four main themes

“Pushing the Frontiers of Science”

Discoveries, Open Questions, Charting the Way Forward

- topics: discoveries and advancements; big open questions; the way forward.

“Advancing Science and Technology”

Together for a Sustainable Future

- topics: the synergy of science and technology; applications to society and societal challenges; sustainability.

“Science Without Borders”

International Cooperation and Dialogue through Science

- topics: universality of science; international collaboration; dialogue; a model for other fields.

“Science for All”

Training, Education, Accessibility in Science

- topics: training and education; inspiration; open science; accessibility and inclusiveness in science;

Events at CERN for General Public

Date	Theme	Notes
January 30	“CERN’s 70th Years of Scientific Discoveries Unveiling the Universe”	As part of the “CERN Arts & Science Summit”
March 7 (tbc)	“Innovations at the Frontier: Technological Innovations Driving Breakthroughs in Particle Physics and Beyond”	Application of HEP technologies to advanced diagnostic and therapies
April 18 (tbc)	“Innovations at the Frontier: Technological Innovations Driving Breakthroughs in Particle Physics and Beyond”	Other technologies key to particle physics with impact on society
May 15-19	“Inclusive Science, inclusive Society: The Transformative Potential of Global Collaboration”	A single evening event as part of the Cineglobe Festival
June 6 or 19 (tbc)	“The Roadmap to Discovery: Mapping Particle Physics’ Open Questions and Research Directions”	
July 18 (tbc)	“Beyond the Horizon: Tackling Particle Physics’ Grand Challenges with Advanced Accelerators”	Future facilities for HEP

- Jan 30 fixed. Other dates are to be confirmed.
- Live broadcast (exploring multi-language, real-time captioning under review)

Next Steps and Follow-up

Submission of Local Event Plans

Reminder

We request that NCPs share details of their local events in their preferred format.

They can choose from the following options:

- Uploading a file (in any format) to the SharePoint folder for their country
- Sending an email to CERN.70@cern.ch

We kindly request to provide the following essential information

- Tentative title, scope, and format of the event
- Tentative date and location
- Target audience for the event
- Specific support and materials required from CERN
- Specify if presence of CERN management at the event is desired

CERN 70 Contacts

CERN 70 Project Office: cern.70@cern.ch

Project Leader: Luciano Musa, luciano.musa@cern.ch, +41 75 411 3119

Deputy Project Leader: Melissa Gaillard, melissa.gaillard@cern.ch, +41 75 411 2690

Executive Secretary: Jana Cizkova, jana.cizkova@cern.ch, +41 75 411 1878

CERN70 National Contact Coordination [SharePoint site](#)

Next Meeting

The next meeting is planned for Thursday 14 December from 10h00 to 11h30. The invitation for this meeting will be sent you in due time.

In 2024 we would like to keep the frequency of the meetings to **one meeting per month**.
