

# Portugal - Selected 2023 highlights - EPPCN meeting (CERN, 16/11/2023)

September R-ECFA visit to Portugal + public session with Fabiola Gianotti

European Researchers' Night

May Re-edition of Mariano Gago's "Manifesto para a Ciência em Portugal" on his 75th anniversary

ULisboa 3 Minutes Thesis competition: 3rd prize to LIP-CMS PhD student Matteo Pisano

# Portugal - Selected 2023 highlights

September R-ECFA visit to Portugal + public session with Fabiola Gianotti

Opening session by the ECFA chair and secretary (Karl Jakobs and Patricia Conde Muiño, respectively), Madalena Alves (president of the Portuguese funding agency FCT) and Mário Pimenta (PT Council representative and president of LIP)

# Portugal - Selected 2023 highlights

September R-ECFA visit to Portugal + public session with Fabiola Gianotti

The session was organised by RECFA and LIP and had a strong participation of the national scientific community

# Portugal - Selected 2023 highlights

September R-ECFA visit to Portugal + public session with Fabiola Gianotti

Public session at the Clência Viva Science Centre “Pavilion of knowledge”, in Lisbon.  
“The Higgs boson and our life” by Fabiola Gianotti

# Portugal - Selected 2023 highlights

September R-ECFA visit to Portugal + public session with Fabiola Gianotti

Public session at the Ciência Viva Science Centre “Pavilion of knowledge”, in Lisbon.

“The Higgs boson and our life” by Fabiola Gianotti

Followed by a debate - Sara Sá (science journalist, moderator), José Antão (ANI), Ricardo Barrué (LIP PhD student)

# Portugal - Selected 2023 highlights

September European Researchers' Night

Braga, Coimbra, 3 thematic sites in Lisbon

LHC (Ciência Viva Science Center) Cosmic rays (Science Museum), Health applications (Champalimaud Foundation)

LIP spark chamber!

Large ATLAS+CMS support team

# Portugal - Selected 2023 highlights

September European Researchers' Night

“How to navigate in a world of disinformation”, developed by the LIP SPAC group - Social Physics and Complexity within an ERC-funded project (PI: Joana G. Sá)
