

## Session Program

25-30 Mar 2024

## RIMS Workshop

### *Friday Session 1*

Japan

# Friday 29 March

09:00

## Friday Session 1

**Session** | **Location:** Japan

09:00–09:30

### Mass and isotope shift measurements of neutron-rich tungsten isotopes at KISS

**Speaker**

Momo Mukai

09:30–10:00

### The development of the gas cell-based laser ionization technique for low-energy RI beam

**Speaker**

Dr Tetsu Sonoda

10:00–10:30

### A cw-OPO seeded pulsed OPA system towards High-Resolution Laser Spectroscopy

**Speaker**

Mitzi Urquiza

10:35
