

12th International Conference on Hard and Electromagnetic Probes of High-Energy Nuclear Collisions

Tuesday 24 September 2024

Parallel Session 10 - Room 102 (09:00 - 10:20)

time	[id] title	presenter
09:00	[61] The system-size dependence of the bottom-baryon-to-meson production in high-energy proton-proton collisions	HE, Min
09:20	[48] The role of strangeness in heavy quark hadronisation from small to large collision systems with ALICE	CATALANO, Fabio
09:40	[184] Probing the pre-equilibrium stage of heavy-ion collisions with charm quarks	SINGH, Mayank
10:00	[257] Medium-induced coherent gluon radiation and heavy flavor suppression in pA collisions	WATANABE, Kazuhiro
