

12th International Conference on Hard and Electromagnetic Probes of High-Energy Nuclear Collisions

Tuesday, 24 September 2024

Parallel Session 24 (15:35 - 16:35)

time	[id] title	presenter
15:35	[12] ALICE 3 physics programme and detector R&D	COLLABORATION, ALICE
15:55	[11] Design and expected performance of the ALICE ITS3 tracker upgrade	COLLABORATION, ALICE
16:15	[10] ALICE Forward Calorimeter upgrade (FoCal): physics program and expected performance	COLLABORATION, ALICE

Wednesday, 25 September 2024

Parallel Session 24 (09:00 - 10:20)

time	[id] title	presenter
09:00	[65] Measuring isolated prompt photon production in small and large collision systems with ALICE	COLLABORATION, ALICE
09:20	[53] Electroweak vector-boson production in hadronic collisions with ALICE	COLLABORATION, ALICE
09:40	[173] Revealing the medium-recoil effect with high- p_{T} Z boson tagged underlying event distribution in PbPb collisions at CMS	LEE, Yen-Jie
10:00	[214] Interplay of prompt and non-prompt photons in photon-triggered jet observables	SIRIMANNA, Chaturanga
