Convener: Yuji Goto

11:05-11:35 **ALICE FoCal Overview**

Speaker

Jonghan Park

11:35-11:55

Development of the FoCal-E pad detector for the ALICE experiment at the LHC - Results of beam tests of the detector prototype and irradiation tests of silicon pad sensors-

Speaker

Motoi INABA

11:55-12:15

Performance of the ALICE Zero Degree Calorimeters in LHC Run 3

Speaker

Stefan Cristi Zugravel

12:15-12:35

Building and Commissioning the sPHENIX Hadronic Calorimeter

Speaker

Prof. Xiaochun He

12:35-12:55

Electromagnetic Calorimetry for ePIC detector at EIC

Speaker

Dr Alexander Bazilevsky

12:55-13:15

Setup and COSY Proton Beam Tests of the PANDA Forward Endcap Calorimeter at FAIR

Speaker

Thomas Held

13:15
