

Challenges in Semileptonic B Decays

Thursday 26 September 2024

Other: I (16:30 - 18:00)

time	[id] title	presenter
16:30	[2] On the potential of Light-Cone Sum Rules without semi-global Quark-Hadron Duality	CARVUNIS, Alexandre
17:00	[16] Implications of SMEFT for semileptonic processes	KARMAKAR, Siddhartha
17:30	[23] Novel approaches to determine B^{\pm} and B^0 meson production fractions	LANDSBERG, Greg

Friday 27 September 2024

Other: II (09:00 - 10:00)

time	[id] title	presenter
09:00	[19] Exploring CP Violation in Charged Semileptonic Decays	MATHAD, Abhijit
09:30	[14] Streamlining semileptonic analyses	OWEN, Patrick Haworth
