# Modern Physics Letters A

- An international peer-reviewed journal focused on **gravitation, cosmology, astrophysics, nuclear physics, particle physics, accelerator physics, and quantum information.**
- **MPLA and My Favourite Dark Matter Model 2025** both address topics related to dark matter, encompassing theoretical and experimental perspectives.
- Indexed in major databases, such as **SCIE** and **Scopus**, MPLA is a trusted publication of quality research that advances the field.
- We welcome manuscript submissions from the conference speakers and participants.

Learn more about  
submitting your  
work to MPLA:

Submit your work  
to MPLA:

- **Thursday the university will be closed**
- Entrance must be made by the Southern gate (Rua da Mãe de Deus)
- If the gate is closed, ring the bell at the door
