

Spanish and Portuguese Relativity Meeting

Monday 22 July 2024

Parallel session 4 (Black Holes I) - Auditorium E10B (16:30 - 17:45)

-Conveners: Session convener: **Filipe Moura**

time	[id] title	presenter
16:30	[23] Hidden symmetries in the dynamics of perturbed black holes	LENZI, Michele
16:45	[31] Radiation reaction in magnetized black holes: can the tail term be ignored?	SIEIRO DOS SANTOS, João
17:00	[19] The canonical ensemble of a d-dimensional Reissner-Nordstrom black hole in a cavity	VASQUES FERNANDES, Tiago
17:15	[52] Monte Carlo methods for stationary solutions of general-relativistic Vlasov systems	MACH, Patryk
17:30	[53] Monte Carlo methods for stationary solutions of general-relativistic Vlasov systems: Planar accretion onto a moving Schwarzschild black hole	Mr CIEŚLIK, Adam
