CCA 2025

International Workshop on Coated Conductors for Applications

CERN | March 11-13, 2025

**UNIVERSITÉ
DE GENÈVE**

Workshop statistics

- Registered participants: 159 (14 remote)
- Students/ECR: 35
- Total of 96 contributions, of which 53 orals and 43 posters

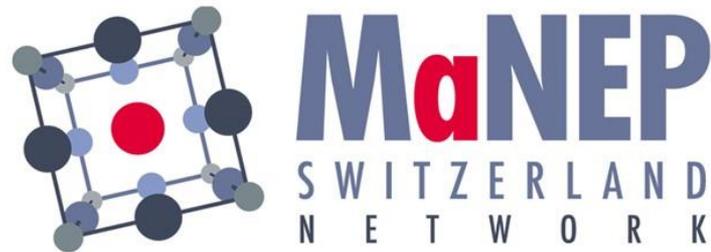

Coated Conductors are growing !

- Production expansion and scaling is taking place in all world regions !
- Applications are also fast increasing, strongly driven by fusion, but not only !

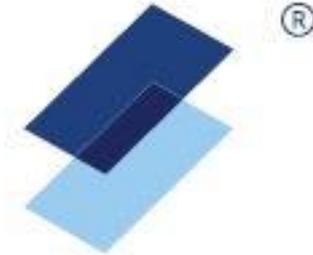

CCA-2025 was this

Thanks to our institutional sponsors

Thanks to our industrial sponsors

Thanks to our “angels”
