

JAI Fest Bingo*!

"Instabilities"	"Needs to be scaled up"	Simulation doesn't match experiment	Handwaving explanation involving "phase"	"Ultra-relativistic"
Slide full of equations	JAI Faculty Member falls asleep	"That's an interesting question"	Speaker asks how to use a laser pointer	Someone is wearing a physics based t-shirt
"Machine learning"	Graph with unreadable axes	Christmas greeting in slides	Font you can't read	"Simplectic"
"Let's take this offline"	Analogy involving cute animals	"Bragg peak"	Speaker runs over time	"Energy deposition"
You've no idea what's going on	"Can everybody see my screen?"	Laptop malfunction	"Sustainability"	Wakefield analogy with surfing

Instructions: Cross them out as you hear or see them... when you've got five in a straight line, shout "BINGO!"
