

**Session Program**

**4-8 Dec 2023**

**Zimanyi Winter School**

***Jets, CME***

# Tuesday 5 December

09:00

## Jets, CME

Session | Location:

09:00–09:35 **Mini-jet quenching**

**Speaker**

Luyao Fabian Zhou

09:35–09:50

**Preliminary results on the transverse flow of light mesons from Ag+Ag collisions registered by the HADES experiment**

**Speaker**

Jan Orlinski

09:50–10:05

**Spectator-induced electromagnetic effects in 40Ar+45Sc collisions at 40A GeV/c beam momentum**

**Speaker**

Ms Sneha Rajaram Bhosale

10:05–10:25

**Dynamical axial charge and chiral magnetic current in a holographic plasma**

**Speaker**

Sergio Morales Tejera

10:25
