

Zimanyi Winter School

Tuesday 5 December 2023

Hydrodynamics I. (14:15 - 15:50)

time	[id] title	presenter
14:15	[24] Elliptic flow of deuterons	TOMASIK, Boris
14:50	[25] Hypernuclei production with a modified coalescence model	BALASSA, Gabor
15:10	[26] Modelling choices in multi-fluid-dynamical descriptions of low energy collisions	WERTHMANN, Clemens
15:30	[27] Modeling low energy heavy ion collisions with a dynamically initialized hybrid approach	PAULINYOVA, Zuzana
