

Session Program

8-14 Sept 2024

Diffraction and Low-x 2024

UPC and gamma gamma physics III

Hotel Tonnara Trabia, Palermo, Sicily
Trabia (Palermo)

Thursday 12 September

11:00

UPC and gamma gamma physics III

Session | **Location:** Hotel Tonnara Trabia, Palermo, Sicily, Trabia (Palermo)

11:00-11:20

Looking for BFKL resummation and saturation at the LHC (103)

Speaker

Christophe Royon

11:20-11:45

Collectivity in Ultraperipheral Heavy Ion Collisions and e+A Collisions (145)

Speaker

Bjoern Schenke

11:45-12:05

Collectivity probes in small systems and photoproduction studies at the LHC (149)

Speaker

Javier Alberto Murillo Quijada

12:05-12:25

Latest UPC Results from STAR (179)

Speaker

Wangmei Zha

12:25-12:45

Electroweak and BSM prospects with ePIC (174)

Speaker

Michael Nycz

12:45-13:05

Discussion

13:05
