Spin physics II

Session | **Location:** Hotel Tonnara Trabia, Palermo, Sicily, Trabia (Palermo)

16:25–16:40

Exclusive π^0 muoproduction at COMPASS (112)

Speaker

Karolina Lavickova

16:40–17:00

Three-dimensional hadron structure from lattice QCD (118)

Speaker

Krzysztof Cichy

17:00–17:15

Nonperturbative Collins-Soper Kernel from Lattice QCD (121)

Speaker

Swagato Mukherjee

17:15–17:35

The LHCspin project (91)

Speaker

Marco Santimaria

17:35–17:55

Spin physics at the EIC (116)

Speaker

Prof. Pawel Nadel-Turonski

17:55–18:15

Discussion

18:15
