# SUSTAINABLE HEP 2024

3rd International Workshop on Sustainable High Energy Physics  
10 – 12 June 2024

The 3rd edition of the Sustainable High Energy Physics (HEP) workshop, will take place Monday 10th through Wednesday 12th June from 14:00 to 17:30 CET. Within three half-days, this **free, online-only** workshop aims to present the intersection of HEP and the climate crisis, to highlight the sustainable initiatives ongoing in HEP, and to workshop with attendees on positive tangible outcomes. The program will consist of invited talks, panel discussions, workshops and submitted talks accompanied by a discussion forum on Mattermost.
