

## **Summer Student Session 2011**

**Student:** Hugh Tay

**Date and Time:** Tuesday, 16<sup>th</sup> August from 9:15 – 9:30

**Subject:** "Investigation of Double-Parton Scattering with PYTHIA Focusing on 3Jet+Gamma Topologies"

### **Biography**

#### **Brief CV:**

- ❖ Field of Study: Astrophysics
  
- ❖ Education: Undergraduate from Nanyang Technological University, Singapore
  
- ❖ Previously working in NTU's atomic physics group and complex systems dynamics group
  
- ❖ Currently working in CERN's CMS soft QCD theory group
