

Summer Student Session 2011

Student: Mauro Sacco

Date and Time: Tuesday, 16th August from 9:45 – 10:00

Subject: “Analysis of the t-tbar production in the all-hadronic channel with the CMS detector”

Biography

Brief CV:

- ❖ Field of Study: Physics

- ❖ Education:
 - 2008-2011: Bachelor Degree in Physics (EPFL Lausanne)
 - Currently: Master Degree in Theoretical Physics (CAMBRIDGE University)

- ❖ Project:

Analysis of the t-tbar production in the all-hadronic channel with the CMS detector
