MW readiness for EL9

GDB, 10 July 2024

M. Litmaath

EGI UMD-5 status

- The [UMD-5](#) repository may become available still in July

- In the meantime, we temporarily use the [WLCG repository](#) for various packages that are not in EPEL
  - For some "big" products, the product team repository needs to be used: most SE flavors, FTS, HTCondor, …

MW readiness for EL9

- **Newly available for EL9**
  - APEL client & parsers – May 14
    - **WLCG repository**
  - FTS server – May 30
