Dipole Operator in Standard Model Effective Theory

Monday 13 May 2024 16:45 (15 minutes)

We are investigating the effects of dimension 6 dipole moment operators on dipole moment measurements, which are electric dipole moment (EDM) and magnetic dipole moment (MDM).

Mini Symposia (Invited Talks Only)

Primary authors: Dr LIU, Da (University of Pittsburgh); WANG, Si; HAN, Tao

Presenter: WANG, Si

Session Classification: Physics Beyond the Standard Model

Track Classification: Other BSM
