

Joint 20th International Workshop on Hadron Structure and Spectroscopy and 5th workshop on Correlations in Partonic and Hadronic Interactions

Contribution ID: 55

Type: **not specified**

Accessing GPDs at the LHC

Wednesday 2 October 2024 11:00 (25 minutes)

An introduction on the study of exclusive processes in hadron-hadron colliders will be given. This will be followed by results of measurements of exclusive processes at the LHC. Where applicable, parallels with measurements in lepton-hadron interactions will be highlighted.
