

Joint "20th International Workshop on
Hadron Structure and Spectroscopy" and
5th workshop on "Correlations in Partonic
and Hadronic Interactions"

September 30 – October 4,
Yerevan, Armenia

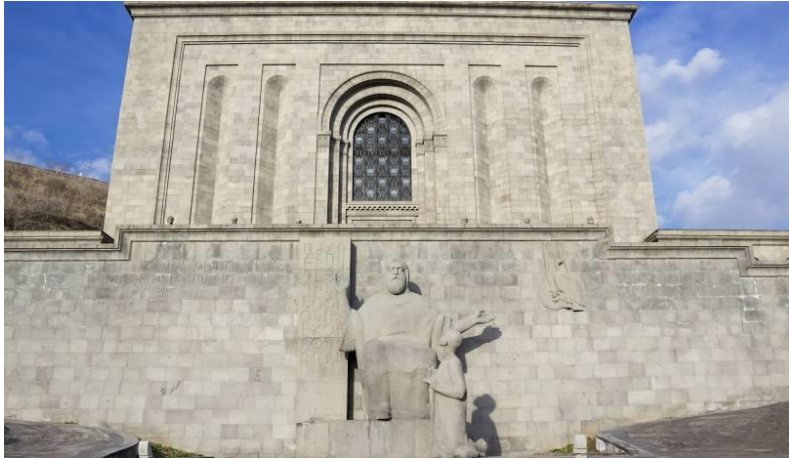

Friday-weekend programme

- Lunch
- COMPASS Collaboration Meeting
(smaller hall on the other side of the floor)
- Saturday excursions
 - Morning – Matenadaran
 - Afternoon – Areni cave, Noravank
- Sunday excursions
 - Morning – History Museum of Armenia
 - Afternoon – Dilijan, Sevan

Excursions: October 3

The map shows the region around Yerevan, Armenia, with two excursion routes marked. A green arrow labeled "Sunday" points from Yerevan towards the north, specifically to the area of Lake Sevan. A blue arrow labeled "Saturday" points from Yerevan towards the south, specifically to the area of Khachik and Yeghedez. Several inset photos show historical sites: a stone church by a lake (likely Khachik), a large stone church complex (likely Yeghedez), and a rocky landscape (likely Khachik). The map also shows major roads (M3, M5, M10, M11, M13, M14, E99) and geographical features like Lake Sevan and the Khosrov Forest State Reserve.

Weekend excursions

Saturday 10:00 AM

Departing at 9:30 from Ramada

Matendaran - a museum, repository of manuscripts, and a research institute in Yerevan, Armenia.

It is the world's largest repository of Armenian manuscripts.

Sunday 11:00 AM

Departing at 10:50 from Ramada

The History Museum of Armenia is a museum in Armenia with departments of Archaeology, Numismatics, Ethnography, Modern History and Restoration. It has a national collection of 400,000 objects and was founded in 1920
