

# FUNDING OPPORTUNITIES FOR FASER( $\nu$ ) 2 IN SWITZERLAND

Interested institutes: UniGe (A. Sfyrla), ETHZ (A. Rubbia), UBern (A. Ariga).

## **How funding for experiments in large infrastructures (LHC) works in Switzerland:**

- Four-year funding lines. Possibility to submit mid-term
- Next deadline: Nov. 2024 for funding period 2025-2029. Can submit two- or four-year funding requests
  - Can resubmit in two years for the last two years of the funding period

## **Preliminary plan with respect to FPF experiments:**

- When FPF approved, we will submit funding requests with the intention to contribute to construction (plus engineering personnel)
- Till FPF is approved, we will ask some modest funding for RnD (plus engineering personnel)
- First opportunity: deadline Nov this year
- Exact RnD directions still to be defined
