

LISA conference

Monday 2 September 2024

Session 3: ESR Presentation WP2- Novel techniques and technologies for actinide research - 503/1-001 - Council Chamber (13:30 - 15:15)

-Conveners: Klaus Wendt

time	[id] title	presenter
13:30	[9] Little-known ways to apply nuclear physics to chemistry and medicine	STACHURA, Monika
14:15	[19] Laser development towards resonant laser ionization spectroscopy of actinides	URQUIZA GONZALEZ, Mitzi Valeria
14:45	[7] Laser spectroscopy for probing atomic structure of neptunium	KAJA, Magdalena Anna
