July 2024

Copán, Honduras

# CRISCA

COPÁN 2024

## THE CONFERENCE ON PHYSICS, ASTRONOMY, CLIMATE CHANGE AND MATHEMATICS

- This event consists in a regional meeting including a summer school for undergraduate and young postgraduate students in physics, mathematics, and related fields.
- The school will be complemented by a conference featuring talks from local scientists and experts.

Topics covered during the meeting include:

- Astrophysics
- Climate change
- High-energy physics
- Instrumentation
- Tropical Geometry
- Dynamics
- Cultural astronomy

### Registration

Open from  
January 10th to  
April 15th
