Two complaints received from users relatec to Restaurant #1:

- Quality of food and service during the evenings and weekends:
  - One must know that the food is not re-heated, but cooked fresh!
  - Anyhow Novae is going to be asked to present different food from the one available for lunch.
- Will the problem of noise in the salle be solved with the reform?
  - No…lack of money! Nothing will be touched in the salle.
