

17th International Workshop on Top Quark Physics (TOP2024)

Tuesday 24 September 2024

Searches with tops in decay - Palais des congrès, Le Grand Large (14:00 - 16:00)

time	[id] title	presenter
14:00	[32] Four top final states with NLO accuracy in perturbative QCD: 4 and 3 lepton channels	DIMITRAKOPOULOS, Nikolaos
14:30	[33] Measurement and searches of four-top quark production with the ATLAS and CMS	QIN, Quake
15:00	[34] Top-philic ALP phenomenology at the LHC: the elusive mass-window	MIMASU, Ken
15:30	[35] Searches for scalar particles in top quark topologies in ATLAS and CMS	JONES, Eleanor
