

Resolution on Exclusion from the Union

All territories who have not paid for the past 6 years are formally excluded from the Union. Their debt is capped at an amount equivalent to the cost for a 6 year period at the rate for 1 unit (CHF 15 000 in current terms).

IUPAP continues to communicate with excluded territories to keep them connected with the work of the Union. VP Membership and Development through Membership Committee continues to engage with excluded territories with the aim to develop a plan for resumption of full membership.
