

Good Afternoon,

This is connected to an activity we would like to organize during TAM EURO-LABS next week.

We would like to make short video clips to spread the information to other potential users, especially young researchers.

Would you be interested to participate having a short video interview about your EURO-LABS transnational access experience?

- The interview will be in English, and it will be very short, about 1 minute video (it means a text around 1000 characters, spaces included).
- The shooting will be done in a simple way by smartphone, during these days of the annual meeting.
- The videos will be edited by INFN staff, adding an intro similar to the facilities presentation videos (<https://www.youtube.com/playlist?list=PLYQjjFQsooc45JqqfXHJiPCyN2wz9NhUp>) and a final image with the link to the project website and contacts.
- The videos will be used for project purposes and disseminated on the project's channels, such as EURO-LABS website, other related websites, YouTube, LinkedIn, Instagram. They can also be used by project partners to disseminate information on participation in project activities.

Here you find a track of the interview, to make it easier. Of course, you can add anything else if you want to.

- My name is [name, surname], or I am [name, surname], I (work/collaborate/study) at [institution name, location, country].
- I deal with/I'm specialized in/I'm involved in
or
In the future I would like to...
- I'm involved in an experiment focused on...
- I spent [XX days/ weeks] in [name of infrastructure, city, country] doing...
- I was impressed with...
And/or
- From this experience, I have learned or brought with me ...
- To next users or interested people I would suggest...

In case you are interested, please fill in and sign the attached form:
