

Session Program

23-24 Sept 2024

COMETA workshop on vector-boson polarisations

Session

Maison de la Recherche et de la Valorisation, Toulouse (France), Amphi 2
Maison de la Recherche et de la Valorisation 75 Cr des Sciences, 31400 Toulouse

Monday 23 September

14:00

Session: Theory & Experimental Modelling Strategies

Session |**Location:** Maison de la Recherche et de la Valorisation, Toulouse (France), Amphi 2, Maison de la Recherche et de la Valorisation 75 Cr des Sciences, 31400 Toulouse

14:00–14:30

Polarised calculations with MulBos

Speaker

Duc Ninh Le

14:30–15:00

Polarised calculations with BBMC (and MoCaNLO)

Speaker

Christoph Haitz

15:00–15:30

Polarised calculations with STRIPPER

Speaker

Rene Poncelet

15:30–16:00

Coffee break

16:00–16:30

Polarised calculations with SHERPA

Speaker

Diana Mareen Hoppe

16:30–17:00

Polarised calculations with POWHEG-BOX

Speaker

Jakob Linder

17:00–17:30

Polarization as a Feynman Rule

Speaker

Richard Ruiz

17:30
