

CERN Supplier Logo

CERN Supplier Logo - General Conditions of CERN Contracts

According to Article 12 of the General Conditions of CERN contracts:

“Except as required for the performance of the Contract, the Contractor shall not use or make reference to any images depicting or belonging to CERN, any CERN logos, or any names or acronymus under which CERN is known without prior written approval from the CERN Procurement Service.

Any approval by any other person than the member of the CERN Procurement Service designated in the Contract shall not be valid. The effects of any approval shall end two years after expiry or termination of the Contract. CERN may at any time change its decision and notify the Contractor thereof, whereupon the Contractor shall immediately cease using CERN's images, logos and names.”

CERN Supplier Logo – Request Form

Request of permission for using the CERN logo

The CERN logo is protected, and any usage by third parties is subject to prior approval. Therefore, we need to know more about your status, your project and the way the CERN logo will be used. Thank you to complete the following questionnaire.
