

# **9th BCD ISHEP Cargèse School**

Monday 25 March 2024 - Friday 29 March 2024

IESC Cargèse

## **Book of Abstracts**

# Contents

Standard Model Part I . . . . .	1
Standard Model Part II . . . . .	1
Flavour Physics Part I . . . . .	1
Flavour Physics Part II . . . . .	1
Feebly interacting particles (Part I) . . . . .	1
Machine Learning Part I . . . . .	1
Machine Learning Part II . . . . .	1
BSM . . . . .	2
Search for the X boson . . . . .	2
Faith (in) and fate of the Standard Model (Part I) . . . . .	2
Faith (in) and fate of the Standard Model (Part II) . . . . .	2
Feebly interacting particles (Part II) . . . . .	2
Search for the X boson . . . . .	2
Search for the X boson . . . . .	3
Postal Card from Moriond . . . . .	3
The reactor anomaly: search for antineutrinos oscillations at short distance from the reactor . . . . .	3
Questions and Answers . . . . .	3

**44**

## **Standard Model Part I**

**Corresponding Author:** nierste@particle.uni-karlsruhe.de

**45**

## **Standard Model Part II**

**Corresponding Author:** nierste@particle.uni-karlsruhe.de

**46**

## **Flavour Physics Part I**

**Corresponding Author:** monteil@in2p3.fr

**47**

## **Flavour Physics Part II**

**48**

## **Feebly interacting particles (Part I)**

**Corresponding Author:** lcorpe@cern.ch

**49**

## **Machine Learning Part I**

**Corresponding Author:** emille.ishida@clermont.in2p3.fr

**50**

## **Machine Learning Part II**

**Corresponding Author:** emille.ishida@clermont.in2p3.fr

**51**

## **BSM**

**Corresponding Author:** nierste@particle.uni-karlsruhe.de

**52**

## **Search for the X boson**

**Corresponding Author:** lcorpe@cern.ch

**53**

## **Faith (in) and fate of the Standard Model (Part I)**

**Corresponding Author:** monteil@in2p3.fr

**54**

## **Faith (in) and fate of the Standard Model (Part II)**

**Corresponding Author:** monteil@in2p3.fr

**55**

## **Feebly interacting particles (Part II)**

**Corresponding Author:** lcorpe@cern.ch

**56**

## **Search for the X boson**

**Corresponding Author:** lcorpe@cern.ch

57

## **Search for the X boson**

**Corresponding Author:** lcorpe@cern.ch

58

## **Postal Card from Moriond**

59

## **The reactor anomaly: search for antineutrinos oscillations at short distance from the reactor**

**Corresponding Author:** mykhailo.yeresko@clermont.in2p3.fr

60

## **Questions and Answers**

**Corresponding Authors:** monteil@in2p3.fr, nierste@particle.uni-karlsruhe.de, lcorpe@cern.ch
