

MCnet School 2024

Christian Gütschow

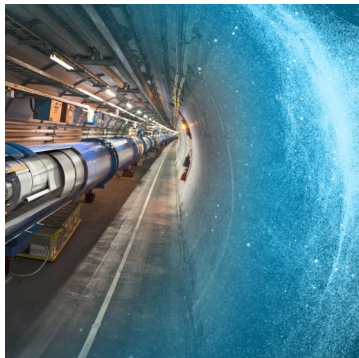

CERN

10 June 2024

Welcome to CERN!

We hope you will have a fantastic time at the school!

Tutorials

Today: pick one of the general event generator tutorials
(Herwig, Pythia, Sherpa)

6/R-018 (H)

4/S-056 (S)

4/S-030 (P)

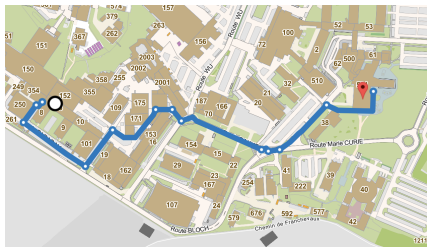

Tuesday/Wednesday: pick one of the advanced tutorials (Madgraph+Rivet+Contur, GPUs)

Note that the GPU tutorial requires you to have access to a GPU!

If you have access to lxplus, you can ssh into `lxplus-gpu.cern.ch` as well.

Night caps

Tuesday/Wednesday/Thursday evening from 7.30pm onwards, around R1
(possibly outside, weather permitting)

Welcome reception

In the mezzanine area outside the main auditorium today at 6pm!

The posters will be there as well.

Social dinner

At the far end of R1 on Wednesday, 6pm onwards!

Panel discussion

We will have a Q&A panel discussion on Thursday!

To submit your questions, go to [[slido.com](https://www.slido.com)] and enter the event number **#9555 820** or use the QR code:

You can also submit a question anonymously – questions will be monitored!

Up-vote a question if you think it is relevant!
