Research Networking Technical Working Group Status and Plans

Wednesday 17 April 2024 13:55 (25 minutes)

The high-energy physics community, along with the WLCG sites and Research and Education (R&E) networks have been collaborating on network technology development, prototyping and implementation via the Research Networking Technical working group (RNTWG) since early 2020.

In this talk we'll give an update on the Research Networking Technical working group activities, challenges and recent updates, emphasizing recent work related to DC24, Scitags and network use optimizations. We will also discuss near to long term plans for the group.
