

SQMS Quantum for Science - March 2024 (London)

Thursday, 21 March 2024

Day 2, session 1 (09:30 - 11:10)

-Conveners: Sebastian de Graaf

time	[id] title	presenter
09:30	[24] Understanding and eliminating materials sources of decoherence in superconducting qubits	MURTHY, Akshay
09:55	[25] Tileable 3D-integrated superconducting circuits	LEEK, Peter
10:20	[26] Alternating-Bias Assisted Annealing of JJs for Transmons	PAPPAS, David
10:40	[27] Electron-beam annealing of Josephson junctions for frequency tuning of quantum processors	SHELLY, Connor
