

## Evolution of site performances

This is a draft of the presentation for the trends in efficiency (observed efficiency as seen by CMS CRAB analysis jobs (red closed squares), LHCb Pilot Jobs (green open circles), ALICE Job Agents (blue closed circles) and ATLAS Ganga analysis jobs (open purple triangles))

## Evolution of CERN performances

This is a draft of the presentation for the trends in efficiency (observed efficiency as seen by CMS CRAB analysis jobs (red closed squares), LHCb Pilot Jobs (green open circles), ALICE Job Agents (blue closed circles) and ATLAS Ganga analysis jobs (open purple triangles)). In each plot, the linear fit (assuming equal errors) is also plotted.
