

Session Program

1-5 Jul 2024

LLP2024: Fourteenth workshop of the Long-Lived Particle Community

Long-lived particles from unique hadron sources

University of Tokyo

Friday 5 July

15:20

Long-lived particles from unique hadron sources

Session | Location: University of Tokyo

15:20–15:40 SHiNESS: Search for Hidden Neutrinos at the ESS

Speakers

Stefano Roberto Soleti, Stefano Roberto Soleti, Stefano Roberto Soleti, Stefano Roberto Soleti

15:40–16:00 Light new physics in proton decays

Speaker

Kåre Fridell

16:00–16:20

The new physics potential of free neutron-antineutron oscillations at the ESS

Speaker

Chandan Hati

16:20
