

Improving oral vaccine efficacy
through the study of antibody–
bacterial glycan interactions and gut
dynamics

Annual Meeting of
Swiss Physical Society

Milad Radiom
11 September 2024

This presentation at the SPS Annual Meeting in September 2024 is related to a manuscript under preparation.

The presentation file will be uploaded to this site after the publication of the manuscript or uploading to [bioRxiv.org](https://www.biorxiv.org).

Thank you for your understanding.
