

Session Program

9-13 Sept 2024

Annual Meeting of the Swiss Physical Society 2024

Magnetic fields for materials research

ETH Zürich
Gebäude ETA/ETF/ETZ Gloriastr. 35, 8092 Zürich

Thursday 12 September

17:00

Magnetic fields for materials research

Session | Location: ETZ E 8

17:00–17:30

【181】 Instrumentation and experimental techniques for high magnetic field research at the European Magnetic Field Laboratory

Speaker

Steffen Krämer

17:30–18:00

【182】 Engineering Phase Competition Between Stripe Order and Superconductivity in $\text{La}_{1.88}\text{Sr}_{0.12}\text{CuO}_4$

Speaker

Julia Küspert

18:00–18:30

【183】 Influence of Oxygen Source on the High Magnetic Field Behavior of Nb_3Sn Wires Manufactured via Internal Oxidation

Speaker

Gianmarco Bovone

19:00
