

Session Program

29-30 May 2024

**Non-Perturbative and Topological Aspects of
QCD**

Soft signatures in proton-proton collisions

CERN, 4/3-006 - TH Conference Room

Thursday 30 May

09:00

Soft signatures in proton-proton collisions

Session | Location: CERN, 4/3-006 - TH Conference Room | Conveners: Kyle Cormier, Ynyr Harris

09:00–09:30 Underlying event and minimum bias tuning

Speaker
Stefan Kiebacher

09:30–10:00 Strangeness of the Underlying Event with ATLAS

Speaker
Tim Martin

10:00–10:30 Event shapes in CMS

Speaker
Kyle Cormier

10:30–11:00 Coffee break

11:00–11:45 Topological effects at colliders

Speaker
Fabian Rennecke

11:45–12:15 Instanton production at the LHC

Speaker
VALENTIN,V KHOZE

12:15–12:45 Instanton prospects at the LHC

Speaker
Ynyr Harris

12:45–14:00 Lunch

14:00
