

## **Session Program**

**17-21 Feb 2025**

# **VCI2025 - The 17th Vienna Conference on Instrumentation**

## ***Plenary Timing***

Vienna University of Technology  
Gusshausstraße 27-29, 1040 Wien

Tuesday 18 February

11:10

Plenary Timing

Session | Location: E17 | Convener: Markus Friedl

11:10-11:30

Compensated LGAD - An innovative pathway towards the extreme fluences

Speaker

Valentina Sola

11:35-11:55

Radiation-resistant silicon sensors with internal gain for the ATLAS High-Granularity Timing Detector at the High-Luminosity LHC

Speaker

Xiao Yang

12:00-12:20

Progress on the construction of the CMS Barrel Timing Layer and results from large scale system tests

Speaker

Giorgio Pizzati

12:25
